Just like the human drive to adapt and evolve with the times, our journey of design search never stops.

We spend the majority of our day-to-day in indoor environments, which raises the importance of having quality materials and designs that enhance our quality of life. At the very core of this Kronodesign® collection lies the passion for adding timeless value to activity spaces. Inspired by the latest and upcoming trends, it serves as a tool for architects, designers, and craftsmen to realize interior projects to their highest potential.

In today's fast-paced landscape, time is our most valuable asset. It's important to choose wisely how and where we spend it. This invites us to explore the endless design possibilities of the spaces we inhabit.

Our R&D team blends expertise and market insights to turn overlooked materials into refined designs. We stay ahead through innovation, reflecting global trends and evolving needs. Our design process prioritizes community, sustainability, and transforming ideas into reality to help create spaces of comfort and style.

With our new **TREND Collection "Designing Reality"**, you have the tools to shape your own tangible world and create environments that truly reflect your lifestyle.

Which reality would you choose?

We've embarked on a journey that explores four distinctive interior realms inspired by the nuances of the modern day-to-day life.

Pause

A space defined by soft textures and muted colors, inviting you to retreat, reflect, and reconnect with yourself.

Blend

A modern interior environment, which harmoniously blends comfort and functionality.

Connect

A technologically advanced setting that responds to your need to stay connected everywhere, at all times.

Evolve

A futuristic realm of interior design advancements, characterized by dynamic and organic forms.

Pause

Soft, grounding, and calming – the realm of PAUSE is marked by our inner desire and need to retreat and reconnect with ourselves. The cozy and comforting neutral hues invite us to take a break from the fast-paced and sometimes overwhelming digital reality. In this atmosphere, we're encouraged to slow down, enjoy the present moment and indulge in self-care rituals.

Enjoy
the present moment

Analogue Lounge

Retreat from the outside world in a home atmosphere that speaks to your need for stillness and grounding ambiance. Here, earthy, neutral tones blend seamlessly across plush textiles, and wooden accents. This space is an ode to the art of restraint, where every detail feels essential, yet effortless.

It's a modern sanctuary – imbued with quiet sophistication, and the kind of understated elegance that invites you to slow down and savor each moment.

Social Café

Sit back, relax, and enjoy the beauty of simple moments. Framed by elegant, arched windows that bring in soft, natural light, this social café is both airy and intimate, creating a haven where time feels like it moves a little slower. The neutral color palette – composed of gentle pinks and beiges – anchors the atmosphere in a sense of calm and quietude, while minimalist furniture reinforces a clean, grounded aesthetic that feels almost ritualistic.

Cremona Oak Elevated Classic

Cremona Oak comes in 3 warm and natural shades of brown and beige with grey undertones, which makes it a classic, versatile choice for any space and surface. It's characterized by a distinctive oak grain with delicate patterns and knots, making it perfectly suitable for both small and large scale applications. Thanks to its humble presence, you can easily combine it with our full range of uni-colors to create a stylish and timeless interior space.

Blend

The dynamic of the digital age calls for a modern and agile environment that can easily adapt and respond to our immediate needs. The world of BLEND harmoniously combines cool and warm tones with timeless oak wood grain and contemporary wooden slats, giving us the convenience of remaining comfortable while being flexible.

while being flexible

Urban Escape

A tranquil hotel room, embodying the adaptability of modern living. The atmosphere is designed to flow with the pace of contemporary life, inviting users to feel at ease while staying attuned to the seamless blend of form, function, and style. The room seamlessly merges cool and warm tones, contrasting against the soft, earthy wood textures of the walls and flooring. Each element is thoughtfully curated to flexibly serve different purposes while maintaining a cohesive aesthetic.

Canella Oak

Modern Attitude

Canella Oak features a light, neutral shade, characterized by distinctive wood grain waves, and unique cracks and knots. It is available in 2 design variations: Natural Canella Oak and Natural Canella Strata. When paired together, these two variations craft a contemporary aesthetic, infusing any space with a warm and inviting charm.

Connect

We're stepping into an age where technology has a dominating presence in our lives. This inevitably affects our built environment and the way we curate our interior spaces. CONNECT signifies a reality that echoes the human need to stay connected everywhere, at all times. Cool, dark tones and statement stones are the main characters of this aesthetic of endless possibilities.

need to stay connected

Smart Kitchen

In this kitchen, technology is a silent companion enhancing each movement and choice. The design is sleek and minimal, dominated by a refined color palette of cool tones and statement stones that exude calm sophistication. Large touch screens, sleek appliances, and a smart herb garden create a functional, yet unobtrusive space. The result is an environment that embodies the feeling of the future – refined, serene, and thoroughly connected.

Future Gourmet

Immerse yourselves in a restaurant that offers a visceral experience, merging luxury with the essence of modern life's digital interconnections. Through the synergy between subdued tones, dark stone and marble surfaces with natural veining, resembling circuitry, a visual metaphor for the unseen network that binds us, it celebrates the allure of technology and the sophistication of design. The result is a space that feels contemplative yet alive with potential, fostering a flow of human engagement.

Solid Statement

Granada is a design that redefines and modernizes the essence of the traditional stone decors. It comes in 3 versatile shades: Almond, Cloud, and Bronze. Each can be effortlessly incorporated in almost any interior design style, infusing the space with a sophisticated, close-to-nature feeling.

Evolve

The rapid tempo of digital advancements and their inevitable integration in our daily life have inspired us to explore their influence on our interior spaces. EVOLVE is a meeting point of imagination and reality. It presents environments characterized by organic forms, tactile surfaces, and a prominent presence of wood, promoting movement, openness and expansion.

imagination and reality

Imagination Pod

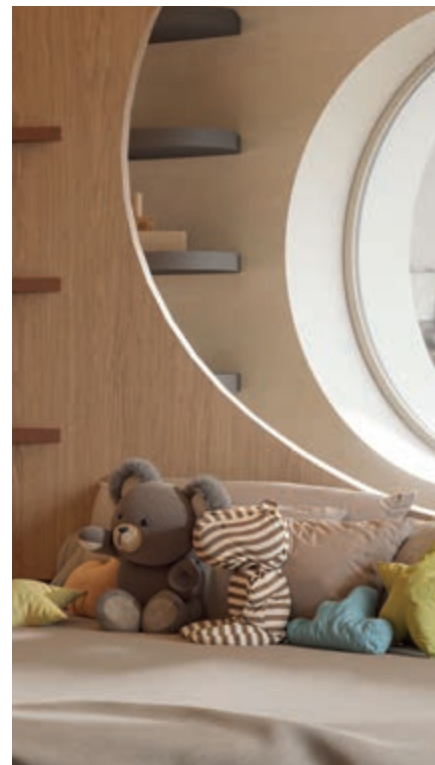

The interior of this children's room seamlessly blends imagination and organic forms with the tangible warmth of wood. Curved and flowing elements define the room's essence, softening the lines between traditional functionality and an almost futuristic embrace of nature-inspired design. The predominant tactile warmth of the wood decors counterbalances the modernity of the shapes, while subdued, earthy tones add a comforting familiarity. This space is an invitation to play and imagine, blurring the boundaries between the natural and the constructed.

The Learning Sphere

In this library of the future, ideas feel as though they can take shape as freely as the curves that define the space. The design speaks to a reality where technology is an organic part of our surroundings. The wood surfaces, paired with rich greens and neutrals, ground the room with warmth, contrasting the hovering circular lights and gloss of the ceiling, emphasizing fluidity and expansion. Here, form and function meld in the sleek precision of modern, dynamic design.
