# OUR VISION

---

## Growth that is:

Intelligent - Based on Knowledge and Innovation

Sustainable - Resource Efficient and Competitive

Inclusive. - High employment that supports the local ecosystem

## Our Vision is:

To create an infrastructure for the reflection of energy and environmental awareness in design and material selection, to support recyclable materials, to produce products that are resistant to the geographical climate conditions and are not harmful to the nature.

To leave the world in a better condition to future generations by contributing to the formation of a sustainable, quality life culture.
