tessera® cloudscape

Tessera Cloudscape, as the name suggests, is an all over organic carpet tile design that takes inspiration from the ever-changing vista of cloud formations and tonal colour progressions in the sky above us.

Cloudscape's 16 tonal colourways, bearing evocative names such as cumulus blue, dawn chorus and summer storm, range from very dark to very pale and cover a wide range of LRV requirements. Tiles can be laid in monolithic or non-directional fashion and their long term appearance retention is assured as they are manufactured using 100% solution dyed polyamide 6 yarns for class 33 durability and colourfastness.

3404 | cumulus blue   LRV 11

Description	Tufted multi-height loop pile carpet tile
Dimensions	50cm x 50cm
Total thickness	7.2mm ± 10%
Pile height	4.4mm ± 0.5mm
Pile weight	665gsm ± 10%
Yarn	100% polyamide 6
Collection size	16 (4m² per box)
Application	EN 1307	Class 33
Impact sound reduction	ISO 140-8	ΔL_W = 26 dB
Recycled content	61%

3411 | cirrus sky   LRV 10

3415 | gulf stream   LRV 15

tessera® cloudscape merge
Tessera Cloudscape Merge creates an interesting transition from one area to another. Reinforcing the organic structure of Tessera Cloudscape and the tonal progression of colours creating an environment helping us to reconnect.

Cloudscape Merge is available on all of the 16 Cloudscape colours and as the 'Merge' tiles are manufactured from products in the order for your interior flooring, the 'Merge' is batch matched to the main flooring.

The minimum order quantity is only 2 boxes and the lead time is approximately 3 weeks.

To order Cloudscape Merge speak to your local Business Area Manager and quote the colourway numbers of the Cloudscape products you'd like to combine.

Cloudscape **3413** | monsoon green + **3401** | light airs

For samples, please contact our sample department on 0800 731 2369 or email samples.uk@forbo.com with details of the colours you want to 'merge'.

tessera® chroma

Chroma is the quality by which we communicate colour.
It is how we define a colour's purity, its intensity or saturation.
In this way it provides a measure by which we can create a
relationship between colours, allowing them to bring balance
and harmony to a space.

tessera® layout & outline

Featuring a contemporary palette of 32 colours with eight co-ordinated striped designs, the Layout and Outline ranges offer a multitude of creative and inspiring combinations in any flooring scheme.

The dynamic colour palette of Layout is hugely versatile featuring a comprehensive choice of modern neutrals in combination with diverse and directional brighter shades. Colours can be used independently or in combination to achieve a myriad of interior styles.

Outline is a subtly textured striped loop pile carpet tile and each colourway is perfectly matched to two Layout colours. Combinations of Outline and Layout allow complete freedom of expression, creating connections, highlights and transitions to enhance any style of scheme.

Available in plank format – see page 36.

tessera® inline

Featuring a contemporary yet concise palette of 10 useable colourways, Inline combines soft geometric structure with intermittent linearity. The strong use of differential texture creates a natural, randomised appearance enabling monolithic installation. Tessera Inline can also be co-ordinated with Allura Flex loose lay LVTs or other Forbo products to add elements of colour, interest and value to a variety of interior schemes.

tessera®

RANDOM LAY. BATCHLESS CARPET TILES

Random lay

A random lay tile is cleverly designed so that it may be laid in any direction to produce a totally individual installation. Using this method also reduces installation waste to less than 2%.

Batchless

Different production consignments of 'batchless' tiles can be used together without the usual risk of visible batch variation. An additional benefit is that spare stocks do not have to be carried.
Tessera's random lay. batchless tile range has been made possible through the use of advanced CMC Infinity tufting technology.

tessera® mix

26

Tessera Mix **963** | obsidian

tessera® mix

An innovative random lay. batchless carpet tile, Tessera Mix delivers a seamless installation appearance every time. Its soft geometric shapes cleverly disguise the tile edges and fitting direction and create its classic modern appearance.

Mix combines tone and shade within an angular framework through the controlled use of multi-pile height construction creating a distinctive, attractive and highly complementary flooring solution.

Designed for use in commercial, hospitality and public interiors, Mix is available in 15 contemporary colourways.

Random lay & batchless

Random lay for speed, reduced wastage and convenience

Mix is a multi-directional tile designed to be laid in a completely random fashion. Installation time is minimised as there are no direction rules to follow. There is no need to check the pile direction as any tile of the correct size can be used, minimising fitting waste to less than 2%.

The overall Mix aesthetic is created at installation as geometric shapes are broken and joined randomly creating the final seamless design.

Batchless for economy and flexibility

Effective batchless Mix tiles can be ordered as required in quantities as low as a single box, removing the need to order and store spares.

For large installations there is no need to calculate batch sized areas, simply request the quantity required for the project thereby minimising the amount of batch waste.

Mix is ideal for offices and public spaces that may need to adapt in the future, as partitions are moved around, new tiles can be added as required prolonging the life cycle of the flooring.

LOOP PILE PLANK CARPET TILES

Planks

Plank formats allow for maximum flexibility when creating stand out designs. Eyecatching floor designs can be created by using planks on their own or in combination with regular 50cm x 50cm carpet tiles.

tessera® layout & outline

Following on from the success of our Tessera Layout and Outline carpet tile collection, the Layout and Outline planks range also provides a contemporary and co-ordinated colour palette with the added benefit of a plank format.

We've introduced a total of 18 carpet tiles in a new 100cm x 25cm plank format, which provides the maximum flexibility for creating stunning floor designs. Available in 14 sophisticated and bright colourways, Layout planks are offered in a very versatile palette.

A contemporary two-colour striped pattern, Outline planks combine flexibility with design over 4 engaging colourways.

Contains 62% recycled content by weight.

All colours also available in tile format – see page 12.

tessera® contour

Influenced by lines in architecture and relieved by softer more natural elements, Contour offers a geometric framework across a palette of 13 naturally inspired colourways.

The cut and loop pile construction provides the gentle, striated form and with 67% recycled content, Contour also offers a low environmental impact. The yarn is solution dyed Refresh™ by Universal fibres ensuring premium quality and improved cleanability and longevity.
