ZOOM KSP #2

Essential
quality
standard

The beauty of semi-matt finish décors and sustainability in the heart of this new click rigid floor made in Europe

COMFORTABLE

Good acoustic comfort & noise reduction (**15dB**)

Good dimensional stability (high temperature variations from **10 to 45°C**)

Suitable for **bathroom** (waterproof, watertight and has a high slip resistance (**R10**))

INSTALLATION

GenClick®

Quick and easy installation thanks to GenClick® locking system.

Install directly over **ceramic tiles with joints of 4mm x 2mm***.

Install and walk. No glue and no drying time

RESISTANCE

Good resistance to scratches and abrasions thanks to the PU coating

Enhanced with
marble powder

Better durability and impact resistant, enhanced with the perfect combination of advanced polymers and marble powder, the hardest form of calcium carbonate.

ZOOM KSP #3

Conscious choices for people and planet

The way to better floors.

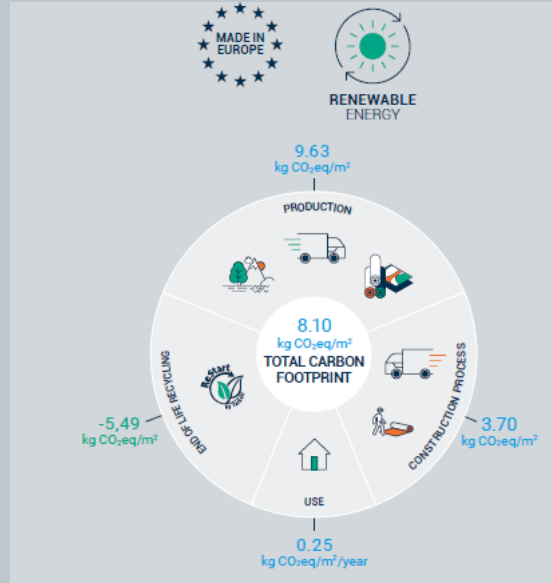

Production in our European manufacturing plant. Low CO2 emissions versus comparable products.

Collecting and recycling your installation and post-use waste with our ReStart® programme*.

30% Recycled content according to ISO 14021.

Environmental product declarations (EPD) with recycling scenario and material health statements (MHS) available.

Complete transparency from us, peace of mind for you.

Volatile Organic Compounds ≤ 10 $\mu\text{g}/\text{m}^3$. Optimal indoor air quality thanks to ultra-low VOC emissions.

Phthalate-free for a healthier indoor environment.
